To Whom It May Concern:

Ms. Aarya Tilekar has worked with our company for the past six months. During this time, Aarya has been a self-starter, motivated and driven contributor to team efforts. In addition to a high ethical degree and positive personality, she is one of those rare individuals who can follow directions and take initiative, as appropriate. Aarya has displayed strong time management skills and her competence extends beyond the abilities for which she was originally hired.

When Aarya was asked to participate and own a series of tasks under-developed by a previous team member, she tackled the situation and assumed the challenge gracefully. When it came time to provide assistance to colleagues, we knew for sure that Aarya was not only a professional but also a team player. During weekly calls with team members located different parts of the world, Aarya was able to showcase her preparation and once again command situations.

Aarya was instrumental in successfully completing several urgent projects in a timely and efficient manner.

We were very lucky to have Aarya as part of the Atlas family during her internship with us. We know for sure that such an enthusiastic and passionate young professional would be a valuable asset for any company and I have no hesitation on recommending Ms. Tilekar due to the experience we had with her.

Kind Regards,
